

Medicators & Dosers

AccuDose Dispensers

AccuDose® dispensers are an economical way to dispense a wide variety of automatically diluted solutions into spray bottles, buckets or other containers at the touch of a button. Dilution is controlled by drawing chemicals through metering tips of varying size and injecting this metered amount into the water flow.

Key Features

- Versatile and easy to customize with any combination of product configurations
- Fittings allow for more than three products to be dispensed
- Expandable installation
- Better chemical performance – consistent correct dilution
- Time and labour savings – solutions are prepared accurately with reduced preparation time
- Improved employee safety – eliminates splashing, spilling, and back strain

Environmentally friendly AccuDose units are available with 3 types of eductors:

- Hydro's E-Gap eductors, which provide backflow protection through use of an elastomeric sleeve. (ASSE 1055B Approved)
- Hydro's patented HydroGap II™ air gap eductors, which use a one inch gap of air between the water source and the chemical inlet to provide backflow protection. (ASSE 1055B Approved.)
- Standard eductors with mechanical hose bibb vacuum breakers.

We offer many ancillary products that can further enhance the performance of your AccuDose® dispenser. We can configure the perfect system for your most demanding applications. AccuDose® dispensers can be customised to meet your company’s specific business strategies. Contact us to find out how.

One Product Dispensers			
1 GPM	3.5 GPM	Approximate Dilution Range	
		1 GPM Max* / Min	3.5 GPM Max* / Min
1	0	128:1 / 3:1	-
0	1	-	350:1 / 3:5:1

Two Product Dispensers			
1 GPM	3.5 GPM	Approximate Dilution Range	
		1 GPM Max* / Min	3.5 GPM Max* / Min
2	0	128:1 / 3:1	-
0	2	-	350:1 / 3:5:1
1	1	128:1 / 3:1	350:1 / 3:5:1

Three Product Dispensers			
1 GPM	3.5 GPM	Approximate Dilution Range	
		1 GPM Max* / Min	3.5 GPM Max* / Min
3	0	128:1 / 3:1	-
0	3	-	350:1 / 3:5:1
1	2	128:1 / 3:1	350:1 / 3:5:1
2	1	128:1 / 3:1	350:1 / 3:5:1

* Leaner dilutions possible – Contact Customer Service for information.

Options & Accessories
Description
Drip tray; catches spills, holds bottles while filling or not in use
Chemical management rack; holds dispenser and concentrates, includes drip tray. Wall, table or cart mountable
Concentrate holding shelf for additional wall-mounted storage
Chemical management rack for single product, lockable
Locking option for 115 chemical management rack
Tap water outlet valve; gives access to water source at dispenser
Inlet water hose, 3/8" x 6', black
Inlet water hose, 1/2" x 8', black
Inlet water hose, 1/2" x 10', black

AccuDose Dispensers

Typical Applications

- Schools & universities
- Fast food facilities
- Fine dining
- Hotels & lodging
- Healthcare facilities
- Supermarkets, food retail
- Transportation
- Carwash & auto detailing
- Food processing
- Pet care & grooming
